Art Unit: 2871

This application is in condition for allowance except for the following formal matters:

The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the recited features "a center-line average surface roughness R_a and an average height-depth spacing S_m " of claims 1 and 2, the recited feature "a low refractive index layer having a refractive index lower than a refractive index of the transparent resin layer" of claim 2, the recited feature "an optical element comprising the light diffusing sheet" of claims 7 and 13, and the recited feature "an image display comprising the optical element" of claims 8 and 14 must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet"

Art Unit: 2871

pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

The replacement sheet of Fig. 1 filed on 10/13/2006 has been accepted.

Claims 1 and 2 stand allowed for the same reasons set forth in the last Office Action. Claims 3-14 are also allowed since they depend on claims 1 and 2.

Any inquiry concerning this communication should be directed to Tai Duong at telephone number (571) 272-2291.

The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
